## Tutorial de Instalación de Codeblocks en Windows

Ejecutar el programa de instalación de Codeblocks

Dar clic en **Next** 

Aceptar los términos, dejar todo seleccionado y dar clic en Next

Seleccionar ruta de instalación y dar clic en **Install** para que comience la instalación

Al finalizar se ejecutará el programa Codeblocks

## Seleccionar el compilador a utilizar y dar clic en OK

Compiler         Status         Set a           SNU GCC Compiler         Detected            Arcrosoft Visual C++ Tool8it 2003. Not Found         Microsoft Visual C++ 2005/2006.
